## Welcome to E-Giving

(Introduction Page for online giving)

The dynamics of the internet has created some interesting discussions regarding "Electronic Giving". Our challenge has been to provide a resource honoring "Biblical Principles" while respecting the diversity within any Church Family.

### What Our E-Giving Achieves

- **BRIDGES** the Gap between a modern tool for modern times. Respects the bringing of gifts to church for worship.
- **ENSURES** Giving" is not reduced to the act of paying a bill.
- **ADDRESSES** what a technical savvy member looks for to be satisfied with the service.
- **OFFERS** what a more traditional minded contributor would feel comfortable using.
